Education

Umass Global | Online Bootcamp
2022 - 2023 *Computer Software Engineering Course*
● 700+ hours of hands-on course material, with 1:1 industry expert mentor oversight, and completion of 4 in-depth portfolio projects. Developed skills in front-end web development, back-end web development, databases, and data structures and algorithms.
Middlesex Community College | Lowell, MA
2019 - 2020 *CNA/HHA Training Course*

Job Experience

Care One at Lexington | Lexington, MA
2020 - 2021 *Activities Assistant*
● Supervised and carried out planned activities for residents on the Memory Care Unit, to enrich their day to day routines, in a manner befitting company rules and policies.
● Ensured safety of all residents under my care, especially those who were confused or at risk of falling, by monitoring the environment and gently directing their attention to more appropriate outlets.
● Assisted residents who required help with their meals, ensuring their comfort and safety at all times.
Connected Homecare | Burlington, MA
2020 *Home Health Aid*
● Provided care for elders in need, such as cleaning, cooking, aid with washing and feeding, and more.
● Fostered a comfortable, clean, and secure environment, with compassion and attention to detail, to empower clients to stay in their own homes.
Almost Home Childcare | Mocksville, NC
2017 - 2019 *Teacher*
● Cared for and entertained toddler and preschool age children while ensuring their safety in the classroom.
